

2018 Batch

Sumey Kalkundri-2JR19CS434

The college offers a strong academic foundation with engaging faculty and a variety of extracurricular activities. However, improvements could be made in updating course materials, providing more quiet study spaces, and enhancing career services with additional internships and workshops. Overall, it's a supportive environment but could benefit from increased inclusivity and student feedback mechanisms.

Laxmi Bakaje- 2JR18CS032

I carry the values and lessons that learned in this college and from the faculty. One of the most significant aspects of our college experience was the exceptional faculty who guided us along the way. Each professor brought their unique perspectives and expertise, encouraging us to think critically and push the boundaries of understanding. I remember how Principal sir and our faculty members took time to mentor us providing guidance to explore our passion and dedication. The nurturing environment creates by our faculty and the administration was instrumental in helping us grow. "I thank you for believing in us and pushing us to reach our potential. Your guidance and support have been invaluable".

2019 Batch

Balraj-2JR19CS019

Our college provided excellent teaching with guidance for me. Everyone around me was very supportive throughout my academic journey. The skills and lessons taught are invaluable. Having clarity in Thoughts and Actions, Learning New Things, connecting with peers were all Key learnings. Our Principal, Professors and my friends have always supported me. I am grateful for all of them.

Satish G-2JR19CS067

Growing up, we often hear that engineering is the best path, and I consider myself fortunate to have experienced it firsthand. Joining JCER provided me with invaluable exposure to the latest technologies and industry trends, thanks to the dedicated faculty the true gems of JCER. Beyond academics, the college offered a multitude of cultural and technical events, and being part of the event organization team greatly enhanced my skills in team collaboration, time management, and resource allocation. I am deeply grateful to JCER for shaping me into the person I am today.

Laxmi J-2JR19CS036

As a proud alumna of JCER college, I am deeply grateful for the strong foundation it provided in both technical knowledge and personal growth. The rigorous academic curriculum, combined with hands-on experiences, shaped me into a confident engineer ready to tackle real-world challenges. The college's vibrant community fostered lifelong friendships, and the dedicated faculty constantly inspired me to push the boundaries of my capabilities. I will always cherish the invaluable lessons and opportunities that have played a key role in my professional journey

Dhiraj Chavan-2JR20CS405

My journey at JCER was truly magical; the Three years were filled with memorable and joyful learning experiences. The friendly demeanor of the teachers made a significant impact on my college days, facilitating my academic achievements through their approachable methods. This overall experience was fantastic, as the educators here are not just instructors but often become friends and personal mentors, guiding us through our challenges.

2020 BATCH

Ganesh Janawade - 2JR20CS013

JCER has been an incredible place for both academic and personal growth. The faculty is extremely supportive, always guiding students with dedication and providing valuable insights. The college offers a perfect blend of academic rigor and cultural activities, encouraging students to explore their talents beyond the classroom. The vibrant campus life and numerous events make learning an enriching experience. Overall, JCER creates an environment that nurtures both professional and personal development.

Praveen Bhangi - 2JR20CS059

The teachers were helpful in every way they could." The teachers are always ready to help Good Teacher's. I feel I had the best environment for my Studies". The college helped me in achieving my full. Potential. I have had a great time with everyone and. I'm so happy because I've had a chance to share a good time with people, I've met in our Scharred" Gollege I have learned many skills here like. C program, Java, phython, SQL queries. Software. testing., DBMS. Cloud Computing etc.

Bhavana chavan -2JR20CS007

As a proud alumna of JCER college, I like the faculty and I feel I had the best environment for my studies". "The teachers were very friendly because of which I could clarify many of my doubt I am grateful for all of them.

Shraddha Diwan – 2JR21CS420

The college is well equipped with good infrastructure, classroom, and lab. The teaching and non-teaching staff members are good. The teacher engaged with us well and taught the theory and practical information is an effective way. The three years of college journey have been great, the collage held events, and many function were also celebrated during the academic year. Over all the three year of experience was good with teachers and with my friends.
