

2018 Batch

Shripad Bhandari

The college experience was excellent, with great teaching and a friendly atmosphere that encouraged daily attendance. One-on-one communication with faculty enhanced learning, making the campus feel like a second home. Sports activities added fun and balance to the overall experience

The faculty and mentorship at the college played a crucial role in both my academic and personal growth. Their one-on-one guidance helped me grasp complex subjects, while their constant encouragement boosted my confidence. They fostered a supportive environment that motivated me to push my limits and develop both academically and personally

Pallavi S Kalaghan

My experience at the college studying Electronics and Communication Engineering has been incredibly fulfilling. The academic environment is both rigorous and stimulating, with a curriculum that balances theoretical foundations and practical skills. The faculty are not only knowledgeable but also approachable, fostering an engaging atmosphere where students feel encouraged to ask questions and explore new ideas. Campus life is vibrant, filled with extracurricular activities and events that promote collaboration and community among students.

The mentorship provided by the faculty has been a cornerstone of my academic and personal growth. Their support and guidance helped me navigate challenging coursework and encouraged me to pursue research opportunities, enhancing my critical thinking and problem-solving skills. This mentorship has been invaluable, instilling in me the confidence to tackle complex problems and explore my interests.

2018 Batch

Kalyan More

"As a graduate of the Electronics and Communication Engineering program, I can confidently say that my experience has been transformative. The curriculum provided a perfect blend of theoretical knowledge and practical applications, enabling me to understand the complexities of electronic systems and communication technologies.

The faculty members were not only knowledgeable but also approachable, always willing to guide us through challenging concepts. The hands-on projects and lab sessions were particularly valuable, as they allowed me to apply what I learned in real-world scenarios, fostering my problem-solving skills.

Kalpana Vinod Patil

The faculty and mentorship have significantly shaped my academic and personal growth. Their commitment to student success is evident in the way they invest time and effort into mentoring. They've guided me through challenges, encouraged my curiosity, and helped me develop essential skills that go beyond the classroom. This support has instilled a sense of confidence in me, pushing me to embrace opportunities and pursue my passions.

The college has equipped me well for my future aspirations. Through rigorous coursework and hands-on experiences, I've gained practical knowledge and skills that will serve me in further studies and my career. Additionally, the networking opportunities and connections I've made have provided me with valuable insights and guidance as I navigate my path forward. I feel well-prepared and excited about the journey ahead, thanks to the foundation I've built here.

2019 Batch

Sarvesh Madivalar

My overall experience at the college pursuing Electronics and Communication Engineering has been outstanding. The academics are challenging yet rewarding, offering a well-rounded curriculum that combines theoretical knowledge with practical applications. The faculty are not only experts in their fields but also deeply invested in student success, creating a supportive learning environment. Campus life is dynamic, with numerous clubs and events that promote teamwork and personal development.

The mentorship I received from faculty members has been instrumental in shaping my academic journey and personal growth. Their guidance encouraged me to push my limits, engage in research projects, and cultivate critical thinking skills. This mentorship has instilled a sense of confidence and a desire for lifelong learning.

Samyukta Patil

My experience at Jain College of Engineering and Research has been exceptional, offering a perfect blend of academic rigor, faculty expertise, and vibrant campus life. The faculty have been supportive mentors, providing guidance and encouragement throughout my journey. Beyond academics, the college's diverse extracurricular activities and clubs have helped me develop leadership skills, teamwork, and lifelong connections.

The faculty at Jain College of Engineering and Research have played a pivotal role in shaping my academic and personal growth. Their expertise, approachability, and mentorship have helped me explore my interests, develop research skills, and build confidence. Regular interactions with professors have fostered a deeper understanding of subjects, and their guidance has aided in overcoming challenges.

2019 Batch

Sudarshan Maruti Patil

My college experience has been truly exceptional. The academic programs are challenging yet rewarding, encouraging me to push my limits and think critically. The faculty are not only knowledgeable but also approachable, creating an environment where learning thrives. Campus life is vibrant, filled with clubs, events, and activities that foster a strong sense of belonging and community.

The faculty have played a crucial role in my development, both academically and personally. Their mentorship has provided me with guidance that extends beyond the classroom. They've encouraged me to explore my interests, supported my ambitions, and helped me navigate challenges with confidence. This personal attention has been instrumental in shaping my identity and aspirations.

Muskan Dafedar

This college has laid a solid foundation for my future goals. The skills I've developed here—critical thinking, effective communication, and problem-solving—are invaluable as I prepare for further studies and my career. The connections I've made and the experiences I've gained have given me a clear sense of direction and the confidence to pursue my dreams. I am excited about the path ahead, knowing I am well-prepared for what's next.

This college has equipped me with the skills and knowledge I need for my future. The hands-on experiences, combined with the strong academic foundation, have prepared me well for further studies and my career aspirations. I feel ready to tackle the challenges ahead, thanks to the support and resources provided by this amazing institution. Overall, I am grateful for the opportunities I've had and excited for what lies ahead.

2020 Batch

Pratik Shivanand Kalaghan

The faculty and mentorship I've received have been pivotal in my growth. Professors have taken the time to provide personalized guidance, encouraging me to pursue my interests and take risks. Their support has helped me navigate academic challenges and develop essential skills like critical thinking and effective communication. Beyond academics, they've shared valuable life lessons that have boosted my confidence and shaped my personal values. This nurturing environment has been instrumental in helping me grow into a more capable and self-aware individual.

Rafiakhatoon Bhavikatti

My time at JCER has been invaluable in shaping both my academic and professional journey. The faculty of ECE dept goes above and beyond to ensure holistic development, providing a well-balanced mix of academics and extracurricular activities. The department is very supportive in organizing and participating in technical workshops, tech fests, skill development sessions and more so that we gain experience and practical knowledge in the core domains. The project guides encourage your ideas and provide proper guidance and vision to ensure that you create the best of your ability and not restrict your recreational ideas to just the curriculum.

My advice to future students is to trust in the college and the faculty. You'll find that academics and enjoyment go hand in hand, making learning engaging and rewarding. The faculty will always strive to bring out the best in you. Thank you, and I wish you all the best in your journey ahead!

2020 Batch

Lohit Hadapad

My time at Jain College has been incredibly enriching. The faculty here are not just knowledgeable but also very supportive. They constantly encourage us to participate in various activities and learn new things. Although our campus might not be the largest, it is filled with opportunities and a vibrant community that makes every moment memorable. The blend of academics and extracurricular activities has made my college life truly fulfilling.

The faculty and mentorship at Jain College have significantly influenced my academic and personal growth. They provided comprehensive training sessions in aptitude and personality development, which were crucial in shaping our career paths. Their constant support and encouragement helped me stay motivated and curious. This guidance has been instrumental in my overall development, fostering both my technical skills and soft skills.

Shreelaxmi Kalannavar

My overall experience in JCER was good. And being from ECE dept, I enjoyed life even more. All the staff members were supportive, and talking about academics, our batch had maintained a good score throughout. During internship, or major project, or technical seminars, we all had a good support from our mentors.

Our dept used to host workshops, and hobby projects, exhibition, which helped us to gain extra knowledge and we learnt a lot during these times. Our resume got strong and because of this exhibition and presentation many students overcome their stage fear.
