

Process

- Step-1: VTU defines the Course Outcomes (COs) for all the courses in the program.
- Step-2: Faculty prepares course plan for every course and maps COs with POs and PSOs.
- Step-3: Consolidated table comprising the mapping of all the courses with POs and PSOs is prepared and is given in Table 2.1(a) and 2.1 (b).
- Step-4: POs/PSOs with slight mapping (<50%) are identified as gaps.
- Step-5: The identified gaps are processed forward for the PAC team for further discussion to bridge in the curriculum.
- Step-6: The DAB, considers the identified gaps along with current trends & technologies for providing solution to bridge the gap by organizing various activities spread over entire program.
